Issue date: 10/2015	Revision date:	Division Staff
Form(s): 18	Authorizing Utah Law: 62A-5-103	

I. Directive Purpose:

The purpose of this Directive is to identify brain injury diagnoses recognized by the Division of Services for People with Disabilities (Division) as qualifying for Acquired Brain Injury (ABI) Services as part of the ABI eligibility determination process.

II. Policy:

- A. The Division may provide non-waiver services to those applicants who meet the eligibility requirements for brain injury services. To be determined eligible, an applicant must have a documented qualifying International Classification of Diseases (ICD) code diagnosis from the most recent revision of the classification, clinical modification (CM), from a licensed physician (MD or DO).
- B. The Division recognizes the ICD 10 CM codes listed in the table below as qualifying for acquired brain injury non-waiver services.
- C. The ICD 10 CM codes listed below may not be exhaustive. Other diagnoses may be considered by the Division State Eligibility Review Committee.
