Directions: Place a checkmark in the box for each of the needs that a child exhibits that may affect the intensity or skill level required of the provider of Residential Habilitation Services. A child must have at least one need in Category A OR Category B in order to be considered a child with exceptional care needs. The child's record MUST include documentation of the need, and these needs must be reflected in the person’s Person Centered Support Plan.

**Category A: Behavioral Needs**
The child must display at least one of the following characteristics and require a psychiatric or a behavioral support plan as a result:

- ☐ The child has encopresis or enuresis during daytime hours several times a week
- ☐ The child has severe hyperactivity to the point of frequent destructiveness or sleeplessness
- ☐ The child is chronically depressed, withdrawn or anxious
- ☐ The child engages in bizarre or severely disturbed behavior
- ☐ The child demonstrates significant acting out behaviors
- ☐ The child demonstrates persistent attempts at elopement
- ☐ The child exhibits high-risk behaviors including habitual alcohol or drug use, sexually promiscuous behaviors, or sexual predation.
- ☐ The child engages in repeated and uncontrolled under socialized behavior resulting in delinquency status such as property offenses, assaults or arson
- ☐ The child engages in persistent injurious or destructive behaviors
- ☐ The child demonstrates a severe eating disorder including anorexia nervosa, pica, or polydipsia
☐ The child demonstrates the presence of psychotic or delusional thinking and behaviors
☐ The child requires 24-hour awake supervision or care in order to ensure the safety of the minor or those around him/her

**Category B: Physical or Personal Care Needs**
The Child must display at least one of the following characteristics and requires a medical or personal care intervention as a result:

- ☐ The child requires assistance with multiple personal care needs including bathing, dressing and toileting
- ☐ The child requires catheterization or ostomy care
- ☐ The child must be fed, requires tube or gavage feedings, or requires direct supervision while eating to prevent complications such as choking, aspiration or excessive intake
- ☐ The child requires frequent care to prevent or remedy serious skin conditions such as pressure sores or persistent wounds
- ☐ The child requires suctioning
- ☐ The child has a complex and unstable medical condition that requires constant and direct supervision
- ☐ The child requires two or more hours of therapy follow-through each day
- ☐ The child requires other medical, medication-related or treatment follow-through throughout the day
- ☐ The child requires assistance with transfers and positioning throughout the day
- ☐ The child requires 24-hour awake supervision and care

Certification: I have reviewed thoroughly this child’s history, assessments and support plans. As a result of this review, I certify that this child has exceptional needs for the Residential Habilitation Service afforded to him/her based upon the presence of the condition I have indicated above with a checkmark.
