

DSPD Public Input Meeting

January 9, 2018 2:00 to 4:00 pm

Multi Agency State Office Building, Conference Rooms 1020 A&B
195 N 1950 W

Salt Lake City, UT 84116

The Division of Services for People with Disabilities (DSPD) invites you to attend a public input meeting on January 9th to gather comments and suggestions on updates made to the Scope of Work for contracts with services providers.

The updated Scope of Work is intended to replace the Scope of Work in current contracts for services provided under the Division. We recognize there has been a lot of concern about changes made in this contract and how it may impact sheltered workshops in particular. This public input meeting will allow community members to receive additional information about the contract changes and provide comments or suggestions. You can find a copy of the Scope of Work contract at dspd.utah.gov under the "Meetings" section.

If you can not attend this meeting in person and would like to listen and provide commentary, you can call in to our conference line 1-877-820-7831, participant code: 396008. You may also review the document individually, then submit comments via email to Becky Dalby at beckydalby@utah.gov.
