Please have the consumer read or if vision impaired read the following paragraph to the consumer:

Paragraph:

Official records state that the Pueblo Indians lived in New Mexico and Arizona. The word "Pueblo" comes from the Spanish word "pueblo," meaning town or village. The Spaniards found these Indians living in apartment houses, some of them on the side of a cliff in order that they could be reached only by ladders. Whenever they were attacked by Apaches, the Pueblos would pull up the ladders. They grew corn, wove cloth and wonderful baskets, and created jars and pots out of clay.
