EVENING SESSION:
6:30 PM – 8:00 PM

NOVEMBER 13, 2019

SELF-ADVOCATE AND FAMILY INFORMATION SHARING GATHERING WITH DSPD

Agenda

- Home and Community Based Services (HCBS) Settings Rule: what it says and what it means for families and individuals in services
- DSPD Progress on Person Centered Planning
- Preview of the legislative study results on caregiver compensation
- Discussion on how DSPD can best hear from you and provide updates

There will be a room for families and caregivers and a separate room for self-advocates and service users to meet. The agenda will be the same, but the format will be different to help each group best understand the content. If individuals in services or self-advocates need additional support to participate in the gathering, family, caregivers, or staff are welcome to attend with the individual.

Notice of Special Accommodations

In compliance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) during this meeting are encouraged to contact saskarajcevic@utah.gov
