Per Settings Rule, the written PCSP must: Reflect risk factors and measures in place to minimize them, including personalized backup plans and strategies when needed. Individualized back-up plan means a written plan that is sufficiently individualized to address each person's critical contingencies or incidents that would pose a risk of harm to the person's health or welfare.

Prevent the provision of unnecessary or inappropriate services and supports.

If you have any questions, reach out to a member of the Employment Planning and Inclusion Team or the USTEPS team for support or assistance at DHHS_DSPD_CommunityInclusion@utah.gov or usteps@utah.gov
