Acquired Brain Injury Eligibility

Directive 1.40

Authorizing Code: 26B-6-403

Rule: n/a

Version Date: January 2024

Forms: 18

Next Review: January 2026

Purpose

To identify brain injury diagnoses recognized by the Division of Services for People with Disabilities (DSPD, "the division") as qualifying for Acquired Brain Injury (ABI) Services as part of the ABI eligibility determination process.

Policy

1. The division may provide non-waiver services to applicants who meet the eligibility requirements for brain injury services. To be determined eligible, an applicant must have a documented qualifying International Classification of Diseases (ICD 10) code diagnosis from the most recent revision of the classification clinical modification (CM). Diagnosis must be confirmed by a licensed physician (MD or DO).
2. The division recognizes the ICD 10 CM codes listed below as qualifying for acquired brain injury services. The listed codes may not be exhaustive. Other diagnoses may be considered by the Division State Eligibility Review Committee.
