I. DESCRIPTION

This policy establishes the brain injury diagnoses that the division shall recognize as eligible for receiving acquired brain injury (ABI) services.

II. POLICY

- A. The division may provide waiver or non-waiver services to applicants who meet the eligibility requirements for brain injury services. An applicant must have a documented qualifying International Classification of Diseases (ICD-10) code diagnosis from the 2025 revision of the International Classification of Diseases, Clinical Modification (ICD-10-CM) to be determined eligible. The diagnosis must be signed by a medical professional whose scope of licensure includes the ability to render diagnoses.
- B. The division recognizes the ICD-10-CM codes listed below as qualifying for acquired brain injury services. Other diagnoses may be considered by the Eligibility Review Committee, as described in Policy 1.63.
