Section 1: Program Overview

Introduction to Self-Administered Services

The Physical Disabilities Program allows people with disabilities to select services that are provided within their home. People with disabilities are able to hire, train, and supervise the Employee/s providing the support to the person. They also assure that the services stay within the person's allocated budget.

The Division of Services for People with Disabilities (DSPD) allocates an annual budget that obtains authorized supports for the person receiving funding. The funding is provided through DSPD as outlined in the state of Utah's Home and Community Based Services Waiver (Medicaid 1915C). Medicaid waivers allow a person who qualifies for services in a nursing home, to receive support services in their own home and community. Medicaid waivers are designed to:

- Promote access, inclusion, and the development of valued social roles for people with disabilities in their local communities.
- Provide support, so that adults with disabilities can live safely in the neighborhoods they choose.
- Improve the independence of people with disabilities.
- Promote cost savings over an SNF alternative.

The Physical Disabilities Waiver (PDW) serves people who have suffered a physical impairment resulting in the functional loss of 2 or more limbs, and requiring at least 14 hours per week of personal assistance

Program Funds are only disbursed to pay for services that are outlined in the Person Centered Supports Plan (PCSP) and only after the services are performed. All SAS payments are made directly to the person performing the services (the Employee) through a Fiscal Agent under contract with DSPD.

As you use this program, you will be required to use a Fiscal Agent. The Fiscal Agent will provide financial services for the person, or the person's designated representative, including: (a) verifying the qualifications of the worker, (b) federal, state, and local tax withholding/payments, budget status reports, and (c) processing the Medicaid paperwork and paying the Employees.

The Administrative Case Manager monitors the budget and ensures that the services are part of the Person Centered Support Plan. If there are any concerns that arise, the Administrative Case Manager contacts the person receiving services,, to resolve the

issues. Self-Administered Services are a part of DSPD's goal to allow the maximum amount of independence and choice in the lives of the people we serve.

DEFINITION OF TERMS

Direct Services: Services delivered by an Employee in the physical presence of the person.

DSPD: Division of Services for People with Disabilities. DSPD is the state agency responsible for administration of state and federal funding for people with disabilities.

Employer: The person receiving DSPD services, or their representative. This person takes on the responsibility of hiring, training, supervising, and preparing payroll for Employees contracted to perform services.

Employee: Any individual hired to provide services to a person receiving Self-Administered Services.

Financial Fraud: A willful or neglectful misuse of funds made available to provide a person's support. For example: reporting duplicated time claims, submitting claims for work not provided, or requiring a worker to return a portion of their wages to the employer.

Fiscal Agent: An individual or entity contracted by DSPD to perform fiscal, legal, and management duties, including payroll processing duties for Self-Administered Services. If you use Self-Administered Services, you will be required to process payroll through a Fiscal Agent.

Rates: The amount that DSPD pays to a SAS worker for hourly services/supports for a person. The rate includes both the direct wage of the SAS worker, and the employer's (person directing SAS) portion of taxes. Employers must pay a rate between Federal minimum wage and the maximum Medicaid rate allowed as noted on the Fiscal Agent pay schedule. The employer can choose the amount of support received by adjusting the direct rate that is paid to the Employees providing services. Rates can be changed as needed by the employer.

Self-Administered Services (SAS): A service option for people receiving DSPD funds that allows a person to hire, train, and supervise Employees to provide their supports, and manage their allowed budget.

Please Note:

New Standards on Minimum Wage and Overtime Compensation

The U.S. Department of Labor (DOL) recently issued new standards on minimum wage and overtime compensation that affects the Self-Administered Service (SAS) system. As a result, the Division of Services for People with Disabilities (DSPD) has modified the SAS service codes. All daily units have been converted to quarter hour units at an equivalent conversion rate.

Replacing daily codes with quarter hour codes will provide an easier method of measuring actual hours worked by employees, and will meet the new minimum wage and overtime requirements as outlined by the Department of Labor. Please keep in mind, overtime is defined as work hours that exceed 40 hours per week based on the hours of each of your employees. A workweek is defined as Sunday through Saturday.

What you need to know:

Daily service units will not be available after March 31, 2016.

Employees who work over 40 hours in the workweek will need to be paid overtime for all time worked over the 40 hours. The cost of the overtime (time-and-a-half) will come out of your budget.

If you need additional funding for overtime to meet the health and safety needs, the following four factors will be considered to assess the your efforts to avoid overtime situations:

1. You will responsibly schedule employees:

Employee overtime may be avoided if you commit to schedule employee working hours thoughtfully and responsibly.

2. You will recruit qualified staff from multiple resources:

DSPD understands the ongoing difficulty you may experience in obtaining qualified employees. There are many resources available to you to find qualified staff and DSPD encourages the use of as many methods as necessary when recruiting employees. You can develop job postings online and work through the Utah Department of Workforce Services.

3. You will track plan expenditures and plan accordingly through the Person Centered Support Plan:

You should closely monitor expenditures against the plan budget. This can be achieved through monitoring expenditures for regular and overtime wages as reported to you by your Fiscal Intermediary and through ongoing communication with your administrative case manager.

You should be familiar with the start and end date in the Person Centered Support Plan, be able to recognize service codes, and be aware of the ongoing expenditure of those services. Part of managing budget expenditures includes recognizing annual trends, monitoring regular and overtime wages, and communicating with your administrative case manager regarding planned or unplanned changes of service needs.

4. You will offer a reasonable wage to qualified employees:

You should ensure a reasonable wage is being offered to your employee(s). While attempting to stretch support dollars by accessing a lower salary range for your employees may prove to be a reasonable choice, it may limit your option for obtaining or retaining qualified employees.

You will also need to monitor compliance with minimum wage per the Department of Labor rules. The current minimum wage is \$7.25 per hour. As an employer, if you discover you are limiting wages to stretch the amount of support, it would be

important to meet with your administrative case manager and discuss appropriate seasonal and year round support needs.

If, for reasons beyond your control, overtime use creates a need to request additional funding, DSPD asks you to complete the [Self Administered Services Overtime Increase Request Form](#) and submit it to your administrative case manager. Requests for funding additional services resulting from the use of overtime will not be considered without the submission of this form. DSPD will provide an expedited review for requests for additional funding due to overtime so that you will not experience a reduction in your services.

Self-Administered Service Agreement

A Self-Administered Service agreement (SAS agreement) is a binding contract with DSPD that allows for the self-administration of services. The service agreement is completed for the first time when initiating services, and annually thereafter. It is traditionally completed during the person centered planning meeting. The service agreement should be kept with other records and be available for review upon the request of the Administrative Case Manager.

Regular communication with Administrative Case Manager helps to identify service needs for the person.

The person is considered the SAS program Employer of Record. The SAS program Employer of Record agrees to be responsible for all SAS activity and record keeping, as well as assurances of compliance.

Links to the agreements for the Physical Disabilities Waiver are found in Section 4 Forms and Links. You can also access the SAS agreements online. Self-Administered Services agreements are listed as:

- 2-9EA Employee Employment Agreement.
- 2-9SA Employer Service Agreement
- 2-9C Employee Application for Certification
- 2-9T Notice of FMS Transfer or Termination
- 2-9OT Self-Administered Services Overtime Increase Request Form

Incident Reporting

Employers must provide proper training to staff regarding incident reporting. Employers and employees are required to know what types of incidents to report, and reporting timelines. It is required that the employer or employee notify the administrative case manager of any reportable incidents that occurs, while the person is in the care of the employee within 24 hours of the occurrence. Notification may be in the form of a phone call, email or fax.

The administrative case manager will fill out the incident report entry in the USTEPS/UPI. The employer and their employees will need to comply with the mandatory reporting requirements of the Utah Code 62A-3-305 and 62A-4a-403 by immediately notifying APS (Adult Protective Services) intake, or the nearest law enforcement agency of actual or suspected incidents of abuse, neglect, exploitation, or maltreatment.

Additionally, in these situations, the administrative case manager shall document in the incident report that prevention strategies are developed and implemented, (when applicable), and that verification (during face-to-face visits) of safeguards and interventions are in place. The following incidents require the filing of a report:

- (a) Actual and suspected incidents of abuse, neglect, exploitation, or maltreatment per the DHS/DSPD Code of Conduct and Sections 62-A-3-301 through 321 for adults and Sections 62- 4a-401 through 412 for children;
- (b) Drug or alcohol abuse;
- (c) Medication overdoses or errors reasonably requiring medical intervention;

- (j) Physical injury reasonably requiring a medical intervention;
- (k) Law enforcement involvement;
- (l) Use of mechanical restraints, time-out rooms or highly noxious stimuli that is not outlined in the Behavior Support Plan, as defined in R539-4; or emergency behavior interventions;
- (m) Human rights violations such as the unauthorized use of restraints seclusion rooms or the infringement of a person's privacy rights;
- (n) Any other instances the person or representative determines should be reported;
- (o) Public or media attention for incidents that have been referred by elected officials;
- (p) Incidents that involve alleged or confirmed waste, fraud, or abuse of Medicaid funds;
- (q) Death (all fatalities expected or unexpected need to be reported).

After receiving an incident report, the administrative case manager shall review the report and determine if further review is necessary.

Time Sheets

The timesheet is an important document and provides internal controls that reduce misuse or fraud when used properly. It reflects the implementation of labor agreements and payroll obligations. A timesheet entry needs to be completed each time the Employee works. The time sheet should indicate the exact time (including a.m. and p.m.) the shift begins and ends. The Employee is required to make a brief comment on the timesheet of the service provided during the shift. The Employer may contact the Fiscal Agent with any questions concerning filling out a timesheet or using a Fiscal Agent on-line or telephone-based reporting system. Complete and correct information must be provided on the timesheet or the Employee will be asked to make necessary corrections, which may delay the Employee's payment.

Timesheets will be reviewed by both the Employer and the Fiscal Agent for correct billing information. The Fiscal Agent deducts taxes, and provides payment directly to Employees during normally scheduled payroll practices. Following a payroll, a person's SAS budget with the Fiscal Agent is updated and the SAS employer is provided a current and historical summary of payments and remaining budget. The Administrative Case Manager will not have access to the processed time sheets. Time sheets are sent directly from the Employer to the Fiscal Agent, which are then processed through the Fiscal Agent, and are not, in practice, redistributed to any other parties. It is the Employer's responsibility to share time sheet information with the administrative case manager if the Employer finds it necessary, or the administrative case manager requests it.

Follow the Utah Timesheet Instructions Below:

1. Enter Employee name (LAST NAME, FIRST NAME)
2. Enter Employee ID (Social Security Number or Fiscal Agent Employee number)
3. Enter the person receiving services' name (LAST NAME, FIRST NAME)
4. Enter the person's ID number (DSPD 0-nine digit number)
5. Enter the service date(s) - the date(s) that were worked (Month/Day/Year)
6. Enter the time work began and ended. Indicate a.m. or p.m. hours (12:00 noon is p.m. and 12:00 midnight is a.m.)
7. Enter the corresponding service code using the following letter codes as applicable:

PA1 - Personal Assistance

8. Enter comments regarding the services provided. This should be brief and related to the goal addressed in the Support Strategy.
9. Ensure the Employee and the employer sign the time sheet. "Pre-signed" forms are not allowed. The employer may not "sign" for the Employee.
10. Enter dates by the signatures.

Time Line for Payroll

The Employer may fax, mail, or electronically submit signed/approved timesheets to the Fiscal Agent by the deadline of the 1st and 16th of each month or as instructed by the Fiscal Agent. Timesheets received on or before the 1st of the month will be paid on or before the 15th.

Timesheets received on or before the 16th of the month will be paid on or before the 30th. Variations in the payroll schedule may occur due to holiday and weekend dates. Refer to the Payroll Schedule provided by the Fiscal Agent. This schedule may be included in the Daily File.

The Employee must inform the Employer of any changes in contact information, such as address or name change, so the Fiscal Agent can be notified.

Payroll may NOT be processed by the Fiscal Agent without prior Administrative Case Manager approval if it is received more than 30 days following the month services were provided.

The Fiscal Agent receives time sheets, reimburses Employee's, and submits payment documentation to DSPD, which is processed on a weekly basis. Questions about payroll schedules and processes can be answered by your Fiscal Agent.

Employee Rate Information

To establish or change your Employee's rate of pay, turn in an Employee Rate Information Form. This form is included in the Fiscal Agent's packet.

Termination of Employment

Termination of an Employee requires a Fiscal Agent Employee termination form be submitted to your Fiscal Agent in addition to the final timesheet.

Administrative Rule and waiver services

Utah Administrative Rules governing the use and administration of Self-Administered Service is available on the [Utah Department of Administrative Services](#) website, or through the DSPD website, and can also be accessed through the link provided in Section 4 Links.

Avoiding Fraud and the Misuse of Funds

The use of Self-Administered Services, like all DSPD services, requires following all Medicaid Rules and Regulations. Misrepresentation of the use of Medicaid funds could result in the loss of the right to self-administration and may result in criminal action, imprisonment, and substantial fines and paybacks. Be a responsible employer by working closely with your Administrative Case Manager and Fiscal Agent, and follow the DSPD and Medicaid requirements. DSPD is required to account for all the funds disbursed.

Examples of fraud and misuse of funds that may result in inspection of records, payback of funds and criminal actions include, but are not limited to:

- One Employee billing for more than one service at the same time
- More than one Employee billing for services at the same time
- Employers asking Employees to bill for hours not really worked or approving to pay for more hours than were actually worked
- Asking Employees to give kickbacks
- Approving payment for hours of work when the person was receiving services from another source (at school, in the hospital, etc.)
- Approving payment for hours of work when the Employee was unavailable to work (out of town, in jail, on vacation, away at school, etc.)

The examples listed above are all actual cases that have been investigated and in some cases prosecuted.

When an investigation finds employers have engaged in fraud and misuse of funds, funds paid must be paid back to the state by the Employee. In order to avoid payback make sure that:

- You compare timesheets from all Employees to make sure that the work times recorded do not conflict or overlap with other Employees' work times
- Your Employees record only one service during a time period (do not record multiple services at the same time)
- Your Employees have not recorded working on days or times when the person is not available to receive services
- Your Employees are not recording more hours on timesheets than actually worked
- Work times are billed as a one-on-one service (meaning one Employee to one person).
- Pay rates are within the designated range for services listed in the Fiscal Agent Packet.
- The employer does not receive payment or take a portion of the Employee's pay.
- An Employee providing overnight services, working during typical hours of sleep, or providing transportation is at least 18 years of age.

Each month the Fiscal Agent (your payroll agency) will review timesheets for accuracy and appropriate usage of services. The Administrative Case Manager may request timesheets to clarify any issues identified by the FMS. You may be asked to clarify if the following situations are found:

- Unexpected high use of services occurs in one month. If a person's situation changes, contact your Administrative Case Manager immediately and inform him/her of your needs and possible changes in your expected use of service before submitting timesheets. High use of services at the end of the plan year, unless justified and approved by your Administrative Case Manager.
- Billing for new Employees prior to notifying the Administrative Case Manager.

Each Administrative Case Manager must have a copy in their file of the Form 2-9C, the Employee's completed certification. You must inform both your Administrative Case Manager and Fiscal Agent of any staff changes.

Staff Limitation

The following may not be employed to work for pay with a family member:

- Spouses

The types of relatives to who payment is made: With the exception of parents of adult children who are only allowed to be paid under specific circumstances, there are no restrictions to payments made to relatives of the person.

Specific circumstances under which payment is made to a parent, step-parent of the person:

1. When a person lives in a rural area within five miles of a population center of less than 2,500 when there are no other resources to provide supports within a reasonable geographic area (15 miles) from the person and the person conducts on ongoing recruitment of resources other than a parent.
2. For the time when the parent who has specialized training for safely operating health related technology for the Person including but not limited to the operation of a ventilator, G peg tube feeding, home dialyses infusion, and wound care performs those tasks because the person can demonstrate they have no other dependable or qualified resources available to do so.
3. If the person is functionally quadriplegic and is dependent on others to perform health and safety related supports and other routine activities of daily living.
4. If the person needs supports critical to their health and safety during nontraditional work hours such as during the night.

At-will Employee status applies to all SAS Employees. This allows the Employee or employer to terminate employment with or without notice for any reason, resulting in no disciplinary action or penalty, with the exception of abuse, neglect or exploitation (which must be reported to proper authorities by law).

Frequently Asked Questions

Q: When are background checks due?

A: Back ground checks are completed on an annual basis, and upon hire through the [Background Check Application Form](#). This form is processed by the Fiscal Agent and sent to the Department of Human Services, Office of Licensing. Employees can provide direct services while an initial background check is being processed for up to 30 days; however this can only be done under direct supervision of someone who possesses a cleared background check. The 30 day window is only applicable for initial hires, and is not applicable toward annual reviews. Individuals working with expired background screening checks will be denied payments. Therefore, the Fiscal Agent will remind the Employer to process a renewal approximately 45 days prior to the lapse date of the current background check.

Q: How do I pick a Fiscal Agent?

A: There are currently four contracted Fiscal Agents to choose from when starting Self-Administered Services. You can call the listed Fiscal Agents and ask questions, as well as visit the website and research your options.

Q: Can I change Fiscal Agents?

A: Yes you can change Fiscal Agents at any time; however you will be required to provide notification to the Fiscal Agent to allow transition from one service provider to another. A [Notice of Termination](#) of FMS (Fiscal Agent) services is available online, and can be filled out and submitted by your Administrative Case Manager. Links to the Notice of Termination are listed under Section 4 General Self-Administered Service Forms.

You can develop job postings online, or post hard copies in local college campuses. You can also advertise at the Department of Workforce Services. Details are provided under Section 4 Additional Supports and Resources, Department of Workforce Services.
